'Day with Robo' Workshop

Dear Parents/Carers,

We are always looking for exciting opportunities to enrich the children's learning experiences, and we have been exploring the possibility of taking part in a **'Day with Robo'** workshop. This engaging workshop introduces children to the world of robotics, coding and problem-solving through hands-on activities designed specifically for primary-aged pupils.

We feel that this would be a fantastic opportunity for our Year 2 children to develop their computing skills, creativity and teamwork in a fun and memorable way.

To make this workshop possible, we would need parental contributions of **£6 per child**. This experience would only be possible with the support of parents and carers, and we would only be able to run the workshop if sufficient contributions are received.

We are therefore writing to gauge interest and establish whether parents would be willing and able to support the cost. If enough families are able to contribute, we would be delighted to book the workshop and provide this exciting opportunity for the children.

Please complete the response slip below and return it to school by **Tuesday 20th October 2026**.

Kind regards,

Miss Levett
Computing Lead

'Day with Robo' Workshop

Child's Name: _____ Class _____

- ☐ I would be willing to contribute approximately **£6** for my child to take part in the workshop.
- ☐ I would not be willing/able to contribute towards the workshop.

Parent/Carer Signature: _____
