How it works.

Now that you know the basics, you will now know what happens! You start SAGE in year 3. First, you need to do 8 tasks to get your bronze badge, put your name on the display chart and go back to class feeling proud. If you want something put into your SAGE book, your parent can send it to the office/your teacher. It can be via email or a picture. You may not have it in your book without any proof you did it. You need to write what you did, what experiences/skills you gained and evidence.

Fun Fact:

Did you know our school is the only school that does SAGE and Mrs Giepp as well as Mr Williams created it?
