21st September 2021

Dear Parents/Carers

We place a high value on the online educational provision we have at Colmers Farm Primary School. We currently subscribe to a range of online educational platforms including Spelling Shed, Mathletics, myON and Accelerated Reader. With regular use, all of these programs can have a large impact on children's attainment and progress.

We also appreciate that for some families accessing these programs can be difficult, usually due to not having suitable devices in the household. As a school, we wish to support our children in accessing these programs. **If you have no access to devices in your household and your children will commit to regularly using the online programs we subscribe to, we are willing to loan you a device for your child to use initially up until Christmas.**

If you would like to loan a device, please return the slip below to the school office. Please note that devices are limited to 1 per household and that you are responsible for their appropriate use and returning the devices without damage. Please note that we regular monitor the online usage of the programs that we subscribe to and we may request that devices which are not accessing these programs regularly are returned.

We have a limited number of devices, which will be available from 11:30 on Wednesday 22nd September if the form has been completed and returned to school.

Your sincerely

Mr Williams
Headteacher

Child's name - _____ Class - _____

I confirm that my child has no access to a computing device and I/we would like to loan a device from school.

Parent's signature - _____ Date - _____
