Dear Parents/Carers,

In Year 5 we are trying hard to ensure that all of our children are accessing the online platforms available to them. Children are rewarded daily for their efforts on Myon, Spelling Shed, Accelerated Reader and Mathletics. However, some children are not currently regularly accessing these amazing websites. It is essential that all children are using these websites as much as possible outside of school to help support their learning.

The staff in Year 5 would really appreciate your support in helping your children access these websites as much as possible. Ideally children should be spending some time each day on some of these websites. All of the websites are free for the children to access online and Mathletics has a free downloadable app for tablets. I have included the website addresses for all below.

As well as the online websites mentioned, it is crucial that children are reading at home, either with an adult or older sibling or to a younger sibling with an adult present. They will progress hugely with their reading skills if they spend 10-15 minutes each evening reading. Our children have all been provided with a bookmark where adults at home can record each time they have listened to their child read. Children need to be bringing their bookmark into school each day. They will receive a house point or raffle ticket for every day they bring their bookmark in and a hot chocolate nomination when their bookmark is filled in. Below is an example of how to fill in your child's bookmark as there has been some confusion about this.

I have attached a new bookmark to this letter and a copy of your child's log in information for all online platforms so you can support them with their learning at home. Please let me know as soon as possible if you have any issues with logging into any websites.

Mathletics: [login.mathletics.com](http://login.mathletics.com)  
Spelling Shed: [www.edshed.com](http://www.edshed.com)  
Myon: <https://www.myon.co.uk/>  
Accelerated Reader: [tinyurl.com/colmers](http://tinyurl.com/colmers)

We all want the children at our school to achieve the best they possibly can and therefore we would really appreciate it if you can encourage your child to access these programs and to read at home regularly.

Thank you in advance for your cooperation with your children's reading and home learning.

Kind regards,  
Miss Tonks and Miss Morgan
