Digital Champions

Last year we began our **Digital Championships**, and it was a huge success.

Children from both Year 4 and Year 5 were trained in a variety of I.T skills during one lunchtime a week.

These skills included E-safety, Coding, and Computer skills.

Children that were involved in Digital Champions last year played a very important role in gaining the Dyslexia award and the scanning pen training.

They were able to speak to adults from both projects, explaining how we can help and improve our schools I.T.

We would like to continue with the Digital Champions this year, however, we need to train new digital champions.

If you love I.T, have commitment, and want to learn how you can help other children with new computer skills, then you could become one of this year's digital champions.

There are 6 spaces available!

If you are interested, please fill in this form and return it to either Mrs Rayment or

Miss Kent by **Friday 29th September 2023.**

We look forward to reading them.

Name:

Class:

Why do you want to become a digital champion?

What do you think is an important skill for a Digital Champion?

What would you like to learn?

What IT skills do you already have?
