KS1 SATs Preparation

Friday 6th February 2026

Dear Parents and Carers,

We are now entering an important part of the school year as we begin preparing the children for their End of Key Stage 1 SATs. To support this, we will be sending home some additional homework over the coming weeks.

This homework is designed to reinforce the learning taking place in class and to help your child practise key skills regularly. Completing these tasks will not only help them feel confident and prepared for their SATs, but it will also strengthen their long-term understanding as they move into Key Stage 2. Building these foundations now is incredibly valuable and will support your child's progress as the curriculum increases in difficulty.

We also want to highlight the importance of listening to your child read each day. This plays a key role in building your child's fluency, confidence, and understanding. Alongside this, the regular use of **Mathletics**, **Numbots**, and **Edshed** will further support their development in maths, spelling, and phonics. These platforms provide targeted practice that complements what we are teaching in school and helps children secure important skills over time.

We strongly encourage all children to complete the homework each week. Even a small amount of regular practice can make a significant difference to their confidence, independence, and overall achievement.

If you have any questions or would like guidance on how to support your child at home, please feel free to speak to us.

As always, thank you for your continued support.

Miss Levett and Miss Kent
Year 2 Teachers
