## Daily Arithmetic Challenges

Monday 9<sup>th</sup> February 2026

Dear Parents/ Carers,

We are writing to let you know that, as part of our preparation for the upcoming SATs, we will be sending home daily Year 6 arithmetic challenges. These short tasks are designed to strengthen and consolidate the children's understanding of key arithmetic skills, helping them feel more confident and secure when tackling their arithmetic paper.

Each challenge will be sent home daily and must be completed that evening and returned the following day. This regular practice will make a real difference to the children's fluency and accuracy.

To encourage consistency and celebrate effort, children who complete their challenge and hand it in on time will receive a raffle ticket. After SATs, we will hold a raffle draw, giving children the chance to win a prize.

Thank you for your continued support. Working together, we can help the children feel fully prepared and confident as they approach their SATs.

Kind regards,

The Year 6 Team
