6th October 2026

Dear Parent's / Carer's,

RSPCA – Year 5 and 6

We are pleased to let you know that the **RSPCA** will be visiting our Year 5 and Year 6 children on **Tuesday 10th November** to deliver a series of exciting STEM (Science, Technology, Engineering and Mathematics) workshops.

The workshops will provide pupils with an opportunity to explore how science and technology are used to help protect and care for animals. Through a range of engaging activities, children will develop their problem-solving, investigative and teamwork skills while learning more about animal welfare and conservation.

These sessions have been designed to inspire curiosity and encourage children to think critically about real-world challenges. The workshops also support many areas of the curriculum and will help bring STEM learning to life in a meaningful and enjoyable way.

We are very grateful to the RSPCA for providing this opportunity and are sure the children will find the workshops both educational and inspiring.

If you have any questions, please do not hesitate to contact the school office on 0121 716 0444 or email enquiry@colmersfarm.excelsiormat.org.

Yours sincerely,

Mr Williams
Headteacher
