Maths

This term we will be focusing on numbers to 5. This includes what different amounts to 5 look like, what the numerals look like, how to write the numerals correctly and how we can make numbers to 5 in different ways.

We are also learning about patterns.

A great way to help your child will be to practise counting everyday objects and spotting patterns when you are out about together.

English

In English, we are learning about All About ME through the stories, Owl Babies and Funny Bones. If you have these stories at home please read it together. Before October Half Term we will be writing instructions for potions.

A great way to help your child is to talk about witches, wizards and dragons.

Homework

Each child will receive a Read, Write, Inc. (RWI) book in their book bags along with a story book. Please read the RWI book with them everyday first. The story book is an additional book to aid your child's reading for pleasure. By Friday, we want children to be able to read their RWI book on their own and be able to talk about their story book.

PE and Forest School

This half term, RF will have PE on a Tuesday afternoon. RC will have Forest School on a Wednesday afternoon. After October half term we will swap over.

Please make sure your child has a labelled PE or Forest School kit in school. We will send them home at the end of each half term to be

Our topic for the rest of this term is All About Me.
